

Fly me to my doom !  
And let me sink deep in R'lyeh  
Let me see the old ones  
In shades of black and grey

In other words, make me loose  
In other words, my sanity

Dive me to R'lyeh  
And let me see Cthulhu's lair  
Where I'll meet the old ones  
And all creatures of nightmare

Your tentacles will come true  
And I'll be yours, oh Cthulhu !

Let there be old rites  
And sacrifices in the bay  
Summoning the old ones  
Will bring us to the end of days

Your tentacles will come true  
And we'll be yours, oh Cthulhu !

This piece was written (lyrics) and recorded by **Pen of Chaos (John Lang)**  
Based both on the classic Sinatra version of "Fly me to the moon" (for instruments and vocals) and  
on H.P. Lovecraft writings. Yep, that's already a curious match.  
Idea : Inspired by HPLHS work on "Scary Solstice" recordings, albums 1 and 2.  
Recorded at POC Home Studio in 2008
